**Motion: Logan Ruben  
Alfred Moses**

**That the agenda be accepted as amended.

- 3. Review of Minutes/Business Arising**

It was observed by Alfred that the section of the minutes that refers to youth priorities should read that the “the Sub-committee would *confirm* the priorities for the year ahead.”

Motion: Logan Ruben  
Lorne Guy

That the minutes be approved as amended.  
Motion Carried.

**4. New Business:**

- a) **Youth Centre Update:** Fatima said some of the program initiatives being undertaken at the Youth Centre are healthy relationships, Girls Only nights, movie nights, land trips (January 2010) and mentoring for youth leadership.

**Youth centre relocation:** This has taken longer than anticipated and affects program planning. It looks like it will now be March 2010 for a move date.

- b) **Youth Priorities:** Discussion took place at a previous meeting but it is felt more consultation is required to confirm them. It was agreed the Student Leadership Council can be helpful in working on this. The following Sub-committee members agreed to act a working group to work on priorities: Mary Ann Ross, Brandi Larocque, Nicolle Ellsworth, Fatima Ahmed, Logan Ruben, Euodia Mutua and Alfred Moses.
- c) **Nancy McInnis** will be on maternity leave in the new year. The Sub-committee will need a replacement as Co-chair in her absence.
- d) **MACA application:** It is possible that the Youth Sub-committee may qualify for MACA funding to help with a number of items: pizza for meetings, address priorities, undertake a youth documentary and purchase a bulletin board.
- e) **MACA Program & Planning meeting:** Alfred reported on the meeting held recently with youth serving organizations. A good exchange took place on the sources for youth funding. Discussion took place about developing resource guides and understanding mandates. It is suggested that these be quarterly meetings. A report will be available and distributed on the outcomes of this session.

**5. Date of Next Meeting: January 13, 2010**

**6. Adjournment**
